Re: Goodman v City of New York et al
Case No.: 1:23-cv-09648-JGLC-GWG

December 1, 2023

Dear Judge Goerenstein,

I respectfully oppose defendant Adam Sharp's request for an extension of time because I believe it is a planned attempt at delay and because it relied on a deceptively edited email that intentionally altered the meaning to cast me in a negative light before the Court. **(EXHIBIT A)**

In further expression of bad faith, Mr. Sharp, or at least his attorney, has been aware of this legal action since November 5, 2023. They were alerted by email from an individual who has already attempted to disrupt this case, but they failed to act until now. **(EXHIBIT B)**

My email was intended to express the option that Sharp's bad faith actions have already caused me extreme financial and other damage, and to state my desire for a phone call to discuss this new request. This is not the first time Mr. Sharp's attorneys have outright refused my requests for settlement conferences. Each and every request has been rejected since 2020.

To preserve the integrity of these proceedings, the defendant should be compelled to provide good cause as to why his motion relied on a deceptively edited email exchange and why the extension is not a deliberate attempt at delay, and anything else determined by the Court.

Respectfully submitted,

Jason Goodman

I will do nothing from now until the end of time to assist Mr. Sharp in any way until he reverses the despicable things he has done to me. I am available for a phone call tomorrow if you'd like to discuss doing that.
